Registration for the domain shown below has been completed.  
Please let us know if any changes are required.

The new information will not be visible via WHOIS until the  
next business day.

Before this information is released to the Internet (normally  
accomplished via root server file updates on Mon, Wed, and Fri  
afternoons about 17:00 Eastern time) we will check to see that the  
primary and secondary name servers are reachable and contain the  
appropriate SOA and NS resource records.

If your name servers are not properly configured, we will place your  
registration on hold until we hear from you. When you are ready to  
have the domain released to the network, contact us at any of  
the addresses below.

Registering a domain name does not confer any legal rights to that  
name and any disputes between parties over the rights to use a  
particular name are to be settled between the contending parties  
using normal legal methods (See RFC 1591).
